Reporting Changes

At Dr. Probe, we aim to connect families and their children to the process of learning and growth. Therefore, instead of traditional qualitative report card comments in the fall and spring, we will offer meaningful opportunities for families to engage in their child's learning process. During these events, students will share and demonstrate their learning, growth, and goals.

Parent-teacher interviews will be held in addition to these events on October 23rd from 1:00-7:00 PM.

Students will continue to receive a report card to outline their academic progress on November 22nd, March 7th, and June 25.

Purpose & Goals

The purpose of "Soaring the Summit" events is to actively involve families in their child's educational journey.

Goals:

- support students to be actively engaged in their learning and goal setting
- support students to be reflective thinkers
- celebrate the challenges and growth students have experienced in their learning
- provide meaningful ways for families to understand where their child is at in relation to curricular outcomes and how they can work in partnership with the school to support continued growth
- inform families about resources and instructional programming at the school
- build stronger partnerships with our families
