Principal Message

Hello Probe Family! April is an exciting month, with the change in weather, we see flowers blooming, sun shining and kids playing! At this time, I would like to remind everyone that the most important part of pickups and drop-offs is safety. Please remember to follow all traffic rules, slow down, and refrain from parking or pulling into the bus lane in front of the school. Also, please remember not to drive into our staff parking lot. We have many students coming and going in these areas and it is incredibly important that we are keeping them safe.

In addition to this safety message, I would like to remind you that our **Spring Break takes place from Friday, April 18th until Sunday, April 27th. So, we will see everyone back here on Monday, April 28th.** Between now and then, we have many exciting class events including our Air Band Contest on the afternoon of Thursday, April 17th, where we will have our students performing and having fun. Parents are welcome to join us for this assembly. The exact time will be shared out soon, after we confirm the number of performances. Have a great April and we hope to see you around the school!

Reporting Changes

At Dr. Probe, we aim to connect families and their children to the process of learning and growth. Therefore, instead of traditional qualitative report card comments in the fall and spring, we will offer meaningful opportunities for families to engage in their child's learning process. During these events, students will share and demonstrate their learning, growth, and goals.

Parent-teacher interviews will be held in addition to these events on October 23rd from 1:00-7:00 PM.

Students will continue to receive a report card to outline their academic progress on November 22nd, March 7th, and June 25.

Purpose & Goals

The purpose of "Soaring the Summit" events is to actively involve families in their child's educational journey.

Goals:

- support students to be actively engaged in their learning and goal setting
- support students to be reflective thinkers
- celebrate the challenges and growth students have experienced in their learning
- provide meaningful ways for families to understand where their child is at in relation to curricular outcomes and how they can work in partnership with the school to support continued growth
- inform families about resources and instructional programming at the school
- build stronger partnerships with our families
